*Food and Women in Italian Literature, Culture and Society* Claudia Bernardi  
2020-11-12 This book explores how women's relationship with food has been represented in Italian literature, cinema, scientific writings and other forms of cultural expression from the 19th century to the present. Italian women have often been portrayed cooking and serving meals to others, while denying themselves the pleasure of the table. The collection presents a comprehensive understanding of the symbolic meanings associated with food and of the way these intersect with Italian women's socio-cultural history and the

feminist movement. From case studies on Sophia Loren and Elena Ferrante, to analyses of cookbooks by Italian chefs, each chapter examines the unique contribution Italian culture has made to perceiving and portraying women in a specific relation to food, addressing issues of gender, identity and politics of the body.

***Italian Grammar for English Students***  
Luigi Ricci 1904

***Making Italian Jews*** Carlotta Ferrara degli Uberti 2016-11-10 This book depicts the cultural imagination of the Italian-Jewish minority from the unification of the country to the end of the First World War. The creation of an Italian nation-state introduced new problems and new opportunities for its citizens. What did it mean for the Jewish minority? How could members of the minority combine and redefine Jewishness and Italianness in a radically new political and legal framework? Key concepts such as family, religion, nation, assimilation and – later – Zionism are observed as they shift and change over time. The interaction between the public and private spheres plays a pivotal role in the analysis, and the self-fashioning of Italian Jewish élites is read alongside the evolution of the cultural stereotypes typical of the time. Reinterpreting the Italian national patriotic

narrative through the eyes of the Jews, Carlotta Ferrara degli Uberti is able to unveil its less known layers and articulations, while at the same time offering a new perspective from which to read the modern Jewish experience in the Western World.

*Ennio Flaiano and His Italy* Marisa S. Trubiano 2010 *Disenthraling Ourselves* portrays contemporary Israel in a process of transition. Jewish-Israeli and Palestinian-Israeli communities share a nation-state divided by the separate truths of its conflicting fundamental narratives. This book considers ways of converting those separate and antagonistic narratives from fuel for conflict to seeds of change. Its purpose is to undo the convenient coherence of collective memory and master narratives through fostering a capacious moral imagination able to apprehend diverse, even contentious, stories and truths. Contemporary Israel functions as a case study in an in-depth and interdisciplinary exploration of conflict

resolution, viewing Jewish-Israeli and Palestinian-Israeli docpostwar Italian and European cinema it is much less known--especially outside of Italy--that such success has much to do with the writings of his fifteen-year collaborator and scriptwriter, Ennio Flaiano (1910-72), journalist, novelist, dramatist, and theater and film critic. This book identifies the ways in which Flaiano's distinctive travel diary--satirically registering the transformative journey from provincial Italian to global citizen--captured and shaped the changing tastes of an entire generation of Italians on the film set, in the newspaper office, and on the street. The book highlights Flaiano's uneven yet steadily developing anticolonialist stance, his emerging postmodern autobiography, and his interrogation of notions of regional, national and cultural superiority. Marisa S. Trubiano is Assistant Professor of Italian at Montclair State University.

**Representing Italy Through Food** Peter Naccarato 2017-03-09 Italy has long been romanticized as an idyllic place. Italian food and foodways play an important part in this romanticization - from bountiful bowls of fresh pasta to bottles of Tuscan wine. While such images oversimplify the complex reality of modern Italy, they are central to how Italy is imagined by Italians and non-Italians alike. Representing Italy through Food is the first book to examine how these perceptions are constructed, sustained, promoted, and challenged. Recognizing the power of representations to construct reality, the book explores how Italian food and foodways are represented across the media - from literature to film and

television, from cookbooks to social media, and from marketing campaigns to advertisements. Bringing together established scholars such as Massimo Montanari and Ken Albala with emerging scholars in the field, the thirteen chapters offer new perspectives on Italian food and culture. Featuring both local and global perspectives - which examine Italian food in the United States, Australia and Israel - the book reveals the power of representations across historical, geographic, socio-economic, and cultural boundaries and asks if there is anything that makes Italy unique. An important contribution to our understanding of the enduring power of Italy, Italian culture and Italian food - both in Italy and beyond. Essential reading for students and scholars in food studies, Italian studies, media studies, and cultural studies.

*Italian Immigrant Radical Culture* Marcella Bencivenni 2014-02-01 Maligned by modern media and often stereotyped, Italian Americans possess a vibrant, if largely forgotten, radical past. In *Italian Immigrant Radical Culture*, Marcella Bencivenni delves into the history of the *sovversivi*, a transnational generation of social rebels, and offers a fascinating portrait of their political struggle as well as their milieu, beliefs, and artistic creativity in the United States. As early as 1882, the *sovversivi* founded a socialist club in Brooklyn. Radical organizations then multiplied and spread across the country, from large urban cities to smaller industrial mining areas. By 1900, thirty official Italian sections of the Socialist Party along the East Coast and countless independent anarchist and revolutionary circles sprang up throughout the nation. Forming their own alternative press, institutions, and working class organizations, these groups created a vigorous movement and counterculture that constituted a significant part of the American Left until World War II. *Italian Immigrant Radical Culture* compellingly documents the wide spectrum of this oppositional culture and examines the many cultural and artistic forms it took, from newspapers to literature and poetry to theater and visual art. As the first cultural history of Italian American activism, it provides a richer understanding of the Italian immigrant experience while also deepening historical perceptions of radical

politics and culture. See the official website of the book at:

### **Biographies and Autobiographies in Modern Italy: a Festschrift for John Woodhouse**

Martin McLaughlin  
2017-12-02 "Critical interest in biography and autobiography has never been higher. However, while life-writing flourishes in the UK, in Italy it is a less prominent genre. The twelve essays collected here are written against this backdrop, and address issues in biographical and autobiographical writing in Italy from the later nineteenth century to the present, with a particular emphasis on the interplay between individual lives and life-writing and the wider social and political history of Italy. The majority of essays focus on well-known writers (D'Annunzio, Svevo, Bontempelli, Montale, Levi, Calvino, Eco and Fallaci), and their varying anxieties about autobiographical writing in their work. This picture is rounded out by a series of studies of similar themes in lesser known figures: the critic

Enrico Nencioni, the Welsh-Italian painter Llewellyn Lloyd and Italian writers and journalists covering the Spanish Civil War. The contributors, all specialists in their fields, are Antonella Braida, Charles Burdett, Jane Everson, John Gatt Rutter, Robert Gordon, Gwyn Griffith, Peter Hainsworth, Martin McLaughlin, Gianni Oliva, Giuliana Pieri, and Jon Usher. The volume is dedicated to John Woodhouse, on his seventieth birthday, and concludes with a bibliography of his writings."

**Fascist Modernism in Italy** Francesca Billiani 2021-08-26  
Between 1917 to 1975 Germany, Italy, Portugal, the Soviet Union, and Spain shifted from liberal parliamentary democracies to authoritarian and totalitarian dictatorships, seeking total control, mass consensus, and the constitution of a 'new man/woman' as the

foundation of a modern collective social identity. As they did so these regimes uniformly adopted what we would call a modernist aesthetic – huge-scale experiments in modernism were funded and supported by fascist and totalitarian dictators. Famous examples include Mussolini's New Rome at EUR, or the Stalinist apartment blocks built in urban Russia. Focusing largely on Mussolini's Italy, Francesca Billiani argues that modernity was intertwined irrecoverably with fascism – that too often modernist buildings, art and writings are seen as a purely cultural output, when in fact the principles of modernist aesthetics constitute and are constituted by the principles of fascism. The obsession with the creation of the 'new man' in art and in reality shows this synergy at work. This book is a key contribution to the field of twentieth century history – particularly in the study of fascism, while also appealing to students of art history and philosophy.

**Italy through the Red Lens** Gianluca Fantoni 2021-04-08 This book offers the first comprehensive analysis of the role of cinema in the communication strategy of the Italian Communist party (the PCI). It examines the entire period during which the party had a systematic and organized approach to cinematographic production, starting with the early experiments in 1946 and concluding with the closure of PCI film company Unitelefilm at the end of the 1970s. Its analysis sheds light on a range of issues, such as the relationship between the party and Italian intellectuals, the Stalinist imprint of the Italian Communist Party and the historical significance of the Salerno turn, the PCI's relationship with the student movements in 1968 and 1977, and the PCI's response to the rise in political violence in

the 1970s. Ultimately, the book demonstrates that cinema was essential to the PCI's propaganda effort.

*The Foundations of Roman Italy* Joshua Whatmough 2015-05-08 This book presents a picture of pre-Roman Italy as complete and as faithful as modern discovery could make it, when it was originally published in 1937. The evidence of archaeology is combined with the testimony of historical tradition and non-Latin dialects in a balanced account of elements no less diverse than those of modern Europe. This description of Italy in the middle of the last millennium B.C. illuminates the success of Rome in achieving a united Italy, where others had failed – an achievement which paved the way for the course over of events over centuries.
