Macromedia Contribute 3 Tom Negrino 2005 Visitors to your Web site want to see up-to-date content--period. They don't care how complicated it is to edit that content or about the manpower issues involved: If they don't find what they need, they'll get it elsewhere. To ensure that they don't, you need Macromedia's hot content management tool *Contribute* and this task-based guide to get you up to speed on it. In this thoroughly updated guide, popular author Tom Negrino uses simple step-by-step instructions and loads of visual aids to show you how to build Web pages, edit content, create tables, employ Dreamweaver templates, and more with the newly updated *Contribute 3*. If you're a first-time user, you'll find all the instruction you need to start adding content to Web pages immediately (without fear of breaking the site). And if you're a *Contribute* veteran, you'll want to go straight to the sections covering this version's new features: integrated image editing, Microsoft Office integration, automatic publishing to PDF and Flash file formats, and more.

Quicken 99 for Windows Tom Negrino 1999 Introduces the personal finance program, and covers setting up accounts, tracking categories, writing checks, using the calendar, balancing accounts, banking online, creating reports, and managing investments

Managing Your Personal Finances with Quicken Tom Negrino 2005 It used to be that to begin working with Quicken, you had to hand-enter all sorts of information--a process so laborious that many people eschewed personal finance software altogether. Not so today: With Quicken 2004's Express Account Setup, all you have to do is select your bank (from a list of more than 2,000), supply your account IDs and PINs, and the software does the rest! All you really need, then, to start wrangling your finances immediately is this pint-sized project-based guide to the software! Rather than cover every last Quicken feature and option, veteran author Tom Negrino selects the quickest, easiest route to accomplishing a given objective--from setting up accounts and entering transactions to writing and printing checks, scheduling automatic bill payment, and securing loans--and presents it through full-page-width screen shots and simple step-by-step instructions. Throughout, you'll learn by doing as you complete the book's projects. By the end of the day, you will have mastered not just Quicken but your finances as well!

Book Review Index 1981 Every 3rd issue is a quarterly cumulation.

Using Excel 4 for the Mac Chris Van Buren 1992 Covers all the aspects of creating a worksheet--entering data, editing, formatting, using functions, using multiple worksheets, and printing. Also covers chart creation and customization, draw, databases, and macros.
